

Mission Statement

The Nevada State Board of Veterinary Medical Examiners was created in 1919 by the Nevada State Legislature for the protection of the public and their animals. It is composed of seven members appointed by the Governor. Board membership is comprised of six residents of the State of Nevada who have graduated from an approved veterinary college and who have been lawfully engaged in the practice of veterinary medicine for at least five years. One member must be a member of the general public. The board regulates the standards of conduct for the profession, licenses veterinarians, veterinary technicians and veterinary facilities, reviews complaints and takes disciplinary action against licensees who have violated the Nevada Veterinary Medicine Practice Act (NRS/NAC 638).
